

Welcome To Management Recruiters of Colorado Springs

Part of MRI Network

Industry Specialization

We develop strong relationships within the companies who are hiring.

We strive to develop knowledge within our chosen industry.

We are aware of the factors affecting the need for talent including economic trends, technical advancements, current legislation, mergers and acquisitions, and varying regional markets.

Beyond knowing who is hiring we are able to present our candidates to the people who make a difference—the decision makers.

1365 Garden of the Gods Road Suite 210
